

Citi Logik is looking to grow our analytics team by recruiting an experienced analyst to fulfil a **Senior Analyst** role.

Reporting to our Head of Analytics, the successful applicant will process and analyse mobile phone data based on information obtained from large databases generated by our developers, and prepare both data summaries and technical reports. The role will include checking database outputs, cross referencing against other sources, and developing new tools to interrogate databases in an efficient and meaningful way to meet clients' requirements. This will require a strong numerical background, good Excel skills, and willingness to think outside the box. This role will also require an ability to conceptualise ideas and testing them in practice with the aim to develop solutions that can be automated and turned into products.

The technical skills that Citi Logik require:

- Spreadsheet development including macro
- Access and/or database
- GIS, in particular ArcGIS
- Report writing
- Presentation skills

The application experience Citi Logik would like to see on your CV:

- Significant experience in data manipulation and analysis
- Use of GIS for data visualisation
- Knowledge of other data sources such as Census, ONS databases...
- Experience in transport planning/modelling desirable
- Project management experience
- Ability to work independently
- Good client interface

The talent Citi Logik wants to recruit are people:

- With a good academic background – preferably including transport planning/modelling
- Who can demonstrate they have the right relevant experience gained during their careers
- Who can innovate, be creative and have excellent verbal and written communication skills
- Who are able to work in a disciplined and self managed way – remotely
- Who are excited by the prospect of an established technology company that is entering its next phase
- Who want to earn good salary package in return for doing great work

Please apply to: Citi Logik Ltd, ECL House, Lake Street, Leighton Buzzard, Bedfordshire, LU7 1RT; or by email to: [enquiries@citilogik.com](mailto:enquiries@citilogik.com)
